

BUILD WITH BUILDPRO HOMES

Shankara Buildpro is India's largest steel tube supplier and the country's premier one-stop destination for all building materials and home improvement needs. With 53 years of excellence, we have established ourselves as a trusted provider of high-quality construction solutions. Now, we are taking our commitment a step further by venturing into complete home construction—bringing our expertise, reliability, and dedication to excellence directly to homeowners. In partnership with BuildNext, India's leading custom home builder, we combine our deep material knowledge with skilled craftsmanship and innovative design to offer end-to-end home-building solutions. Whether it's your first home, a dream upgrade, or a custom project, we guide you through every stage from planning and design to handing over the keys. With Buildpro Homes, you don't just get a builder you gain a trusted partner dedicated to turning your vision into reality. Our legacy of quality, combined with modern construction expertise, ensures that your dream home is built to perfection.

Shankara Building Products Ltd, with a 53-year legacy, is India's largest distributor and retailer of steel pipes and tubes. Buildpro serves as a multi-territory, multi-product and multi-brand marketplace for building materials, offering everything from steel tubes, flats, longs and sheets to construction chemicals, plumbing, fittings, sanitaryware, tiles, electricals, paints, roofing, hardware and much more. With an ISO 9001 certification and a turnover exceeding ₹6000 crores, the company has established itself as a trusted name across South, West, and East India, delivering top-quality products at competitive prices with exceptional service. As a true omnichannel one-stop shop, Shankara Buildpro meets all construction and home improvement needs through its extensive portfolio. The company boasts in-house brands like Ganga, Taurus, Samrat, Loha, Fotia, Brizzio, Vaigai, offering a diverse range of products, including roofing solutions, steel tubes, steel accessories, tiles and sanitaryware. Supported by a robust infrastructure, the company operates 125+ fulfillment centers, 12 processing facilities, and over 600,000 sq.ft. of warehousing space, ensuring seamless access to 2 lakh+ SKUs from 150+ brands across 100+ product categories. This vast selection, combined with its strong logistical network, positions the company as a leader in the building materials sector, committed to quality, affordability, and customer satisfaction.

BuildNext is redefining the way homes are imagined, planned, and built, powering the best homebuilding brands for the 21st century. As a visionary homebuilding platform, BuildNext brings together the perfect blend of great design, scientific construction methods, and innovative technology to make the entire process smarter, faster, and more transparent.

At the core of BuildNext's model is its commitment to precision and efficiency. The platform uses innovative tech solutions such as app-based real-time project tracking and immersive Virtual Reality experiences to give homebuyers complete control and clarity over every step of the journey. Clients can visualize their future home and track progress live from anywhere.

BuildNext's ecosystem is built around rigorous quality control, monitored throughout the construction lifecycle. It also offers a process-driven experience, supercharging the construction journey from start to finish.

BuildNext empowers you to create future-ready homes that reflect your vision. This is not just innovation; this is the future of homebuilding, delivered today.

Investee Company of The logo for Pidilite VENTURES features the word "Pidilite" in a bold, blue, sans-serif font, with "VENTURES" in a smaller, blue, sans-serif font below it. A horizontal line with a blue-to-yellow gradient is positioned under the word "VENTURES".

Complete Transparency

At Buildpro Homes, transparency is not just a commitment; it's our cornerstone. We redefine trust in construction by offering complete transparency throughout your project. No hidden fees, no surprises just a transparent partnership ensuring you are informed and confident at every stage. Your vision is our priority, and with complete transparency, we ensure you are informed and confident throughout every step of the construction journey.

High quality Construction

To ensure that the quality of work is maintained throughout all processes on site, we have defined clear SOPs for each operation. Each process goes through the Pre check, Interim check, and Final check stages of our quality assurance procedure. PRE-CHECKS guarantee the process of verifying the requirements for carrying out an activity. To complete the activity in accordance with adequate standards and quality, INTERIM CHECKS rely on a variety of check procedures. After the job is done, a FINAL CHECK is performed to make sure the completed activity is error-free.

Futuristic Technology

Buildpro Homes employs state-of-the-art technology to deliver the home of your dreams by providing a Virtual Reality-equipped Experience. Visualize every corner of the home before starting construction.
